

# Intercultural Inquiry<sup>©</sup>

## The 3 Is - Intercultural Support Programme

**I Inquire:**  
**Interculturally, how are we performing?**  
**Organisational intercultural inquiry and assessment**  
The **Inquire** phase adopts a combination of approaches, assessing and evaluating current **intercultural** status.

**I Interact:**  
**Interculturally, how do we maximise our diversity?**  
**Organisational intercultural learning, engagement and interaction**  
The **Interact** phase delivers creative and practical intercultural engagement: a bespoke programme of **intercultural** interactions and interventions.

**I Implement:**  
**Interculturally, what do we need to do?**  
**Organisational intercultural development and planning**  
Collaboratively, and integrated with the above two phases and aligned with existing organisational objectives, the **Implement** phase designs and delivers an **intercultural** implementation action plan.
